

ABOUT ARAVALI COLLEGE OF ENGINEERING AND MANAGEMENT

Aravali College of Engineering & Management, which is one of the fastest growing professional Institutes in NCR region, affiliated to J.C. Bose University, Faridabad, recognized by the A.I.C.T.E., (HRD) Govt. of India, New Delhi. ACEM was founded in the year 2008 with a vision to become one of the finest institutions in the country, in the field of technical education and research; through focused, effective and sustained efforts and programmes. ACEM offers a four-year B.Tech programme in four branches, viz., Computer Science and Engineering, Electronics and Communication Engineering, Mechanical Engineering and Civil Engineering. The institute also offers a three year BCA, BBA programme and a two year MBA programme. The main aim of the institute is to provide excellent quality technical and managerial education not only to the students from Delhi/NCR region but also from all over the world.

ABOUT THE CONFERENCE

“Knowledge with action converts adversity into prosperity.” — Abdul Kalam

Dissatisfaction and Problems always leads to innovation. Thus, Innovation is increasingly being seen as the currency of 21st century.

The NCITESTM 2020 provides a common platform to all the industry experts, academicians, research scholars and students to express their views and share their expertise knowledge about innovation. Also in this highly challenging economic scenario, the future prosperity of India is solely dependent on innovation, change and creativity.

OBJECTIVES:

The aim of conference is to provide a rendezvous for academicians, researchers, test developers, industrialist, university representatives, consultants and management students from around the globe to exchange ideas, meet fellow researchers working in diverse fields and generally

help resolve the problems faced by the corporate world. The innovations in practices of business need to be tested on many grounds such as legal, political and social apart from economic development norms. Researchers and academicians with their research try to bridge the gap between theory and practice.

INNOVATIVE PRACTICES & ISSUES IN

- AI & Machine learning
- Internet of Things
- Cloud Computing
- Data Science
- Software Engineering
- Soft Computing & Fuzzy Logic
- Virtual Reality
- Blue Economy
- Cyber Security & Cyber law
- Networking
- Telecommunication / Wireless Communication
- Antenna design & RF System
- Embedded System & VLSI
- Analog & Digital Circuit Design
- Microprocessor & Microcontroller
- Refrigeration and Air conditioning
- Machine Design
- Structural Engineering
- Transportation Engineering
- Polymer & Rubber Technology
- Nano Science
- Bio Technology
- General Management
- OB & HRM
- Business Law and Business Education
- Leadership
- Academic Affairs and Administration
- Green Management
- Higher Education
- Pedagogy & Child Psychology
- ICT Tools in Education
